

C3 IGNITE Quarterly Newsletter

Fall 2018

Instructor Led Webinar *Now Available!*

The Sprint team is excited to announce the launch of our Instructor-led online training program.

Online Device Management: Introduction to Apple School Manager and AirWatch

Intended for new and existing principals, tech coordinators and staff involved with the administration of the C3 IGNITE devices, this course provides an introductory overview of the online tools school administrators will use to manage their iPads.

Apple School Manager

Trainings are facilitated using Skype Meeting / Skype Web App, Q & A will be available. For the latest schedule of dates, times and meeting details, visit: <http://sprint.com/c3ignite> > **Instructor Led Webinars.**

EdTechTeam

Teachers! Join us every month as we dive deep into teaching with iPads. This webinar has been designed around your instructional needs!

Teachers sign up below!

ADLA Online Store

Schools can now purchase additional iPads directly through the ADLA online store at <http://store.la-archdiocese.org>. Schools must register an account and look for **Sprint iPad** in the **Education** category.

All ADLA store purchased iPads will receive full C3 IGNITE provisioning, mobile device management services (i.e. AirWatch) plus Sprint wireless data access for life of the device. Purchases may be made via credit card or approved check. This is an excellent way to expand your school's inventory of C3 IGNITE devices!

Welcome to the C3 IGNITE Quarterly Newsletter

In an effort to keep all schools informed of valuable program and device management related updates, we will highlight the most recent enhancements available to support you.

Device Repair and Replacement Updates!

The C3 IGNITE Device Warranty Policy has been updated. To find out the full details, visit the C3 IGNITE Resource Site. (<http://sprint.com/c3ignite>)

iOS 12 Update

Apple has recently released iOS 12 for iPad. While schools are able to update their iPads at anytime; the C3 IGNITE Project team recommends that schools test the update before pushing it to all devices.

Schools can also use AirWatch to delay the update up to 90 days.

In AirWatch:

Profiles > Apple iOS > Device Profiles > Restrictions > OS Updates,
